

GT-521 WITH G3120 ATTACHED

No setup needed for the G3120. It is plug and Play

The specification and accuracy of the G3120 Temperature and Humidity probe used with the GT-521 hand held particle counter is as follows:

RH:

0 to 100% (Non Condensing)

Accuracy = +/- 2% RH

Temp:

0 to 100 Deg F

Accuracy = +/- 2.7 Deg. F.

or

-30 to +50 Deg. C

Accuracy = +/- 1.5 Deg. C.

Note: Temperature type is selectable through setup menu on the GT-521 to choose between Deg C or Deg F.
